

HEAFT

Your coach. Every set.

A smart coach that plans your week, runs the session with you, and adapts to what you actually lifted.

THE BEGINNER

Same 3 machines

four weeks in

Nobody ever told them what else to do.

THE ONE WHO KEEPS TRYING

quit before month three

They show up. Nothing holds the weeks together.

The same missing thing

a coach — and a trainer costs €200 a month

One never learns what to do. The other never gets a reason to come back. A plan fixes neither on its own.

Tell it your goal. **It coaches the rest.**

Plan. Train. Fuel. Adapt. Train hard and eat like it was a rest day and the week was wasted — so the food target moves with the session.

Three quadrants taken. **One empty.**

You buy a logger, then you buy a plan — and you are still training alone. The corner you were heading for was empty.

€3B in Europe. €6M is ours.

- Europe · 75 million gym members
- Spain · 3 million start every year
- Ours · 150,000 subscribers

Five per cent of one year of Spanish beginners.

Not a share of the market — a slice of one cohort. The number we have to earn is the small one in the middle.

It is built. This is it running.

iOS and Android, live today. Plans, live sessions, nutrition targets and a weekly league — not a prototype.

We asked three people. **Then we changed it.**

partnerships once the first two work — not in any number on this deck

Social buys attention. Creators lend credibility. Only one of those two can be bought, which is why the other is a partnership.

The 15% is not a guess — it is the published store rate below a million dollars a year. Above that it becomes 30%, and we will have a different problem.

salaries are half of every euro

Churn is the number that decides this. We model 3% a month — the category average is 7.2% and the top quartile 2.0%. A coach you talk to every session is a retention product. No tax calculated.

You bring the passion.
We bring the plan.
