

HEAFT

The business model.

€10

a month
per subscriber

A subscriber pays €10. **We keep €6.**

That is a **61% gross margin** on every subscriber, every month.

Add creators, and everything else follows.

	Year 1	Year 2	Year 3
Creators	10	40	120
Subscribers paying	400	1,700	5,300
Revenue a year	€25,000	€128,000	€420,000

Each creator brings **75 paying customers a year** — the number we must prove.

Six people. **3,000 shares.**

Who	Role	Shares

3,000 participaciones · €1 nominal · €3,000 share capital

Creators bring trust. **Ads bring scale.**

CREATORS

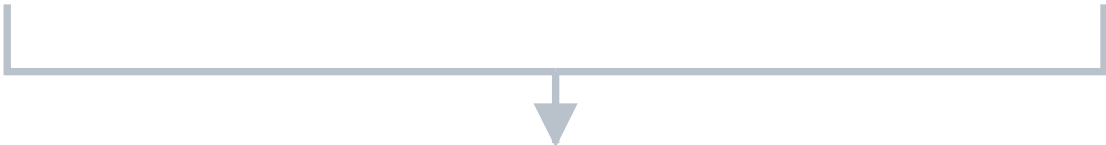

Someone they trust

Small numbers. High conversion.

PAID SOCIAL

TikTok and Instagram

Big numbers. We buy them.

We count every step of both

Views · clicks · sign-ups · subscriptions · cost per customer · retention. **What works, we scale.**

Ali. 24,400 people already listen to him.

24,400 followers who already trust him

20% of every subscription he brings us

0% of the courses he already sells — that stays his

We called him for 25 minutes. **He said yes.**
