

HEAFT

Your coach. Every set.

A smart coach that plans your week, runs the session with you, and adapts to what you actually lifted.

Six people, six jobs.

Zlata Tuleulova

CHIEF EXECUTIVE

Owns the direction, the story and the deadline.

Omar Alzori

FOUNDER & CTO

Seven years an engineer. Government systems in Iraq still serving millions of transactions.

Iker Martinez

CHIEF OPERATING OFFICER

Turns the plan into a week: who ships what, by when.

Sharbel Chucrallah

HEAD OF RESEARCH

The market study, the competitor numbers, and what the evidence actually supports.

Pablo Martinez

CHIEF MARKETING OFFICER

Positioning, and the message each segment actually hears.

Ciro Gamboa

HEAD OF COMMUNITY

The first users, the gym floor, the feedback loop.

Tickets, sprints, specs, code review, deploys. A real product team.

Two people. One problem.

THE BEGINNER

64 of 100

don't know where to start

Four weeks in, still on the same three machines.

THE ONE WHO KEEPS TRYING

Starts, then stops

gone before month three

They show up. Nothing holds the weeks together.

The same missing thing

One never learns what to do. The other never gets a reason to come back. A plan fixes neither on its own.

Tell it your goal. **It coaches the rest.**

Plan. Train. Fuel. Adapt. Train hard and eat like it was a rest day and the week was wasted — so the food target moves with the session.

Three quadrants taken. **One empty.**

You buy a logger, then you buy a plan — and you are still training alone. The corner you were heading for was empty.

03 EMPIRE

04 FUEL

iOS and Android, live today. Plans, a weekly league and food targets that follow your training — not a prototype.

Ten people use it. **Three told us what to fix.**

Ten active users today. We sat down with three of them and asked what was wrong.

STUDENT • BARCELONA

“It asked me how hard every single set was. Mid-workout, I just stopped answering.”

SO WE CHANGED

It asks once per exercise, not once per set.

STUDENT • BARCELONA

“I said my shoulder hurt, and it swapped my bench for another press.”

SO WE CHANGED

A swap now listens to why you are swapping.

STUDENT • BARCELONA

“My plan said train, the app said rest. I didn’t know which one to believe.”

SO WE CHANGED

Your plan and your calendar now give one answer.
