

The business model.

We go live in **Barcelona.**

01	Trainers and influencers they post, their people join	20% OF WHAT THOSE PEOPLE PAY US
02	TikTok and Instagram our own account, and the trainers' own posts	€0 PER VIEW
03	The gym floor 733,000 gym members in Barcelona — and we train there too	€0 PER CONVERSATION

Nothing is paid before somebody pays us. Paid ads wait: an install still costs 2.6 to 6.7× what one is worth.

Two ways in. One way to judge them.

The first one has signed.
